

# SAPSA IMPULS 2018

When: Monday, November 5, 2018 - Tuesday, November 6, 2018

Where: Stockholm City Conference Center, Barnhusgatan 12-14, Stockholm

*At IMPULS 2017 we had an all-time high participation with 700 people, of which 60% came from user companies and the subsequent evaluations indicated very satisfied participants, both for sponsors and users. Employees of our user companies go for free, which guarantees even more customers.*

IMPULS 2018 has moved to central Stockholm, giving you as a sponsor the opportunity to offer hands-on sessions, workshops and similar. We will also be able to give our gold sponsors even greater exhibition space.

The International Focus Group for Integration will have their annual meetings in Stockholm at IMPULS. It gives you working in these areas a unique opportunity to meet international colleagues and experts.

We have the same prices on our sponsorship package as last year.

Sign up **before 1<sup>st</sup> of September** and be promoted in our printed magazine SAPSAnytt!
